Basic Training in Marte Meo

2 day Basic Training with MARIA AARTS

This two day Basic Training in Marte Meo follows on from the introductory one day. In the workshops participants' video material will be reviewed by Maria Aarts to demonstrate the basic elements of Marte Meo.

PREPARATION FOR THE TWO DAY TRAINING.

You will profit most from this training when you bring your own film material with you. If you can bring material (that will be shared with the group) the best material is:

5 minutes of a structured situation:

Either at home and this could be times like feeding/eating, bathing/dressing and asking the child to pack away toys; or within a professional setting, like a teacher leading a group time at child care.

5 minutes unstructured situation.

Mother, father or professional in a free play with one child. The child plays and the adult follows this, like playing with a train set, Lego, and pretend play.

5 minutes half structured situation

In a family game (memory, risk, colour game, etc.), where the parent or the professional does a game with one or more children.

Having these different contexts allows for Marte Meo analysis on many levels.

It is useful to have material of "normal developing children", so do not feel the need to bring video material of difficult families you are working with.

On completing "Practitioner Level" in Marte Meo, you will be able to apply the principles in your daily work with your clients, but not be able to do reviews. This is Marte Meo "Therapist Level".

IF YOU WILL BE BRINGING VIDEO TO VIEW WITH MARIA PLEASE ENSURE IT IS BURNT ON TO A DVD
